MY WORKS

ABOUT ME

“Designing spaces where vision meets execution.”

I am a Architect with over 6 plus years of professional experience in architectural design, interior design, and project execution. My work spans residential, commercial, and corporate projects, where I have been involved from concept development to final handover.

I believe good architecture is a balance between design clarity, functionality, and buildability. I focus on creating spaces that are not only visually strong but also practical, cost-effective, and responsive to client needs. My role often bridges design intent and site execution, ensuring that ideas are translated accurately on ground.

With strong experience in team leadership, consultant coordination, client interaction, and site management, I take responsibility for quality, timelines, and detailing. I am particularly interested in clean, contemporary design with thoughtful material use and attention to detail.

Architecture, for me, is a continuous learning process each project shaping better solutions, stronger spaces, and meaningful built environments.

SENIOR ARCHITECT

PROFILE SUMMARY

Senior Interior Designer with over 6 years of experience in residential interiors and commercial fit-out projects, specializing in end-to-end project delivery from concept development to final handover. Successfully contributed to and delivered more than 1 million sq. ft. of interior spaces, demonstrating expertise in design management, space planning, technical detailing, material specification, vendor coordination, and site execution. Proven ability to lead multidisciplinary teams, collaborate with clients and consultants, and manage complex projects

PROFESSIONAL EXPERIENCE

JUNIOR ARCHITECT – ROYAL SHELTER, TRICHY (July-2020 – Sep-2023)

- Spearheaded architectural design and execution for premium residential projects valued among Trichy's leading developments.
- Managed end-to-end project delivery from concept design to construction, ensuring quality, compliance, and timely execution.
- Led cross-functional coordination between consultants, contractors, and stakeholders to drive successful project outcomes.
- Produced technical documentation, 3D visualizations, and client presentations that streamlined approvals and decision-making.

PROJECT ARCHITECT – ARCHI DEE SIGNS, TRICHY (Oct-2023 – Oct-2024)

- Spearheaded the design and delivery of luxury residential & Villas, government projects and large-scale urban development projects. (Startup TN – Salem, Erode & Cuddalore)
- Owned project lifecycle management from concept to handover, driving quality, compliance, cost efficiency, and timely completion.
- Led cross-functional teams and stakeholder engagement to ensure seamless coordination and successful project execution.
- Provided strategic design leadership, technical governance, and site oversight across complex multi-disciplinary developments.

PROJECT ARCHITECT – TOUCHSTONE INFRASTRUCTURE SOLUTION & PVT LTD, CHENNAI (Nov-2024 – Dec-2025)

- Spearheading high-value commercial and MNC workplace projects, ensuring exceptional delivery from design development to project handover.
- Commanding cross-functional teams, consultants, vendors, and contractors to drive execution excellence across multiple projects simultaneously.
- Governing project controls including design management, technical documentation, BOQs, budgeting, scheduling, and quality assurance.
- Driving site execution, stakeholder engagement, and operational decision-making to consistently achieve project milestones and business objectives.
- Acting as the strategic client lead, aligning design vision, commercial goals, and execution strategies to deliver best-in-class workplace environments.

SENIOR INTERIOR DESIGNER – ELEGANZ INTERIORS LTD, BLR (Present)

- Design Leader with expertise in driving the strategic planning, design management, and successful delivery of large-scale commercial interior fit-out projects across India. Proven track record of leading cross-functional teams, managing key stakeholder relationships, and delivering high-performance workplace environments for MNCs, corporate offices, banking institutions, and industrial clients.
- Skilled in design leadership, project governance, commercial management, and execution strategy, with a strong focus on business outcomes, operational efficiency, quality excellence, and client satisfaction. Adept at transforming complex client requirements into innovative, scalable, and commercially successful design solutions while ensuring seamless project delivery from concept to handover

MY EXPERIENCE

ROYAL SHELTER (Flats & Promoters)

1

2020-2023

Spearheaded the architectural design and execution of premium residential projects among Trichy's leading developments, managing end-to-end delivery from concept to construction. Drove technical excellence, stakeholder coordination, and project execution through high-quality documentation, 3D visualizations, and client-focused design solutions while ensuring quality, compliance, and timely delivery.

ARCH DEE SIGNS (Residencial & Commercial Interior Fitouts)

2

2023-2024

Spearheaded the design and delivery of luxury residential, villa, government, and large-scale urban development projects, including Startup TN Government projects across Salem, Erode, and Cuddalore. Led end-to-end project delivery from concept to handover, driving design excellence, technical governance, stakeholder collaboration, quality, compliance, cost efficiency, and timely execution.

TOUCHSTONE (Interior Fitouts, Turnkey & Design & Build)

3

2024-2025

Spearheaded high-value commercial and MNC workplace projects from concept to handover, leading multidisciplinary teams to deliver exceptional design and execution. Managed end-to-end project delivery, including design development, technical documentation, budgeting, scheduling, BOQs, site execution, and stakeholder coordination, while aligning client objectives with innovative, high-quality workplace solutions delivered on time and within budget.

ELEGANZ INTERIOR (Interior Fitouts, Turnkey & Design & Build)

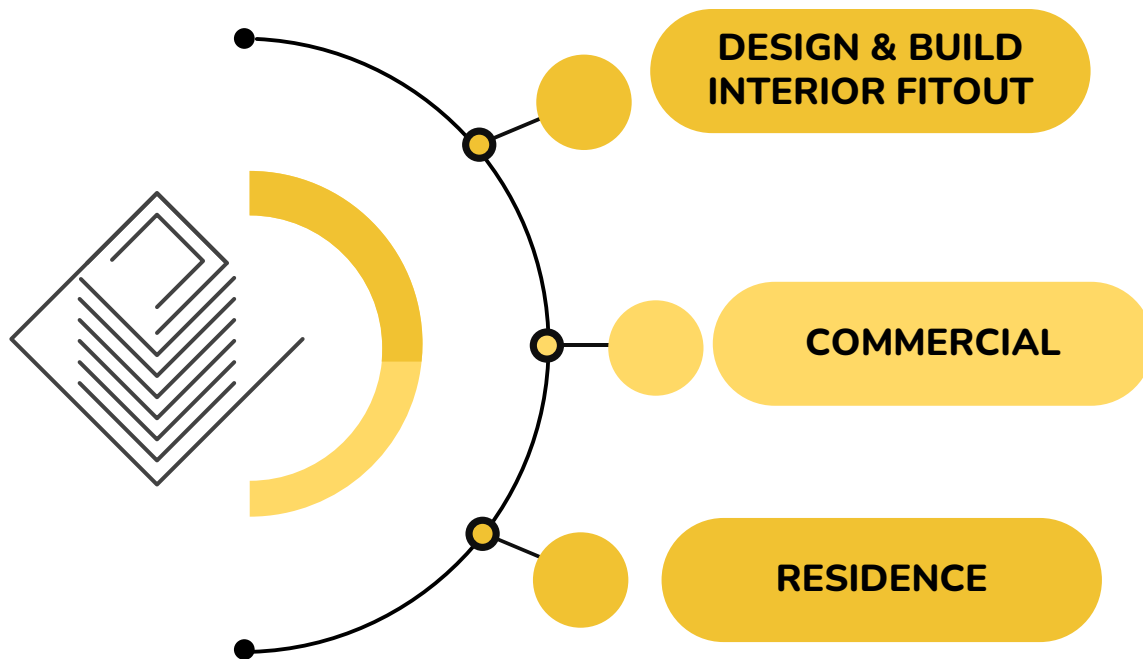

4

2026-Present

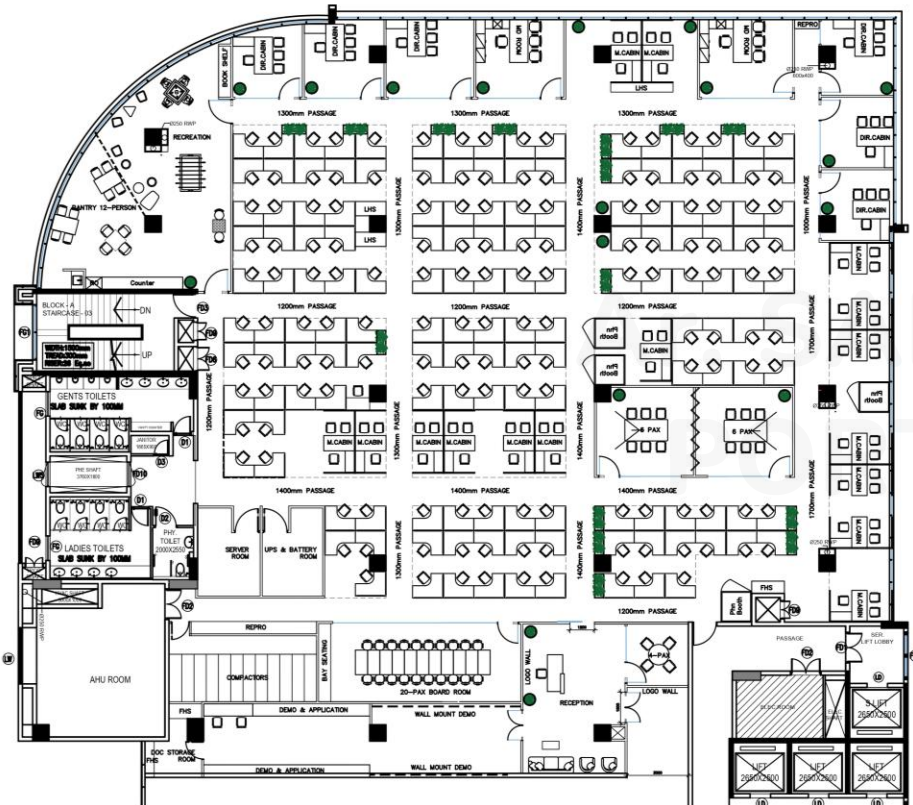

Senior Design Leader with expertise in driving the strategic planning, design management, and successful delivery of large-scale commercial interior fit-out projects across PAN India. Proven track record of leading cross-functional teams, managing key stakeholder relationships, and delivering high-performance workplace environments for MNCs, corporate offices, banking institutions, and industrial clients.

The Mastec Quadgen corporate office is located at Samadura Capital Towers, Bangalore, designed across a 20,000 sq.ft area to accommodate 455 workstations. The project focuses on creating a highly efficient workspace with a strong emphasis on contemporary office planning. A modern and minimalist 3D design approach was adopted for the project, featuring clean lines, neutral color palettes, and clutter-free spatial planning. The layout ensures optimal space utilization, smooth circulation, and a professional work environment that enhances productivity and collaboration.

The Morais City Development project is a large-scale corporate office cum headquarters, developed with an approximate built-up area of 1,50,000 sq.ft. The project integrates a premium corporate workspace with multiple multi-branded showrooms housed within the same block. A key highlight of the project is the luxury interior design combined with a beautifully designed landscape within the corporate office, creating a unique blend of built environment and nature. The design approach focuses on brand identity, spatial grandeur, and a high-end user experience, making the headquarters a landmark corporate destination.
